	MONTHLY PAYMENT	LUMP SUM PAYMENT
CASH FLOW	Hold onto your cash or use it for other areas of your business, such as expansion, improvements, marketing, or personnel	Depletes your cash and reduces your ability to respond to unforeseen expenditures
CREDIT LINES	Preserves bank lines and conserves capital while creating a new credit source	Working capital is diminished and may affect your credit
MANAGE RISK	Pay for the equipment as you use it, potentially generating profit from day one	Pay full amount upfront for a depreciating asset
BUDGETING	A consistent monthly payment allows you to accurately forecast budgets	Lump sum payments are difficult to budget for and can adversely impact the quality of your technology solution
BUYING POWER	Often enables you to acquire more and better technology while staying within your budget	Limited to acquiring what you can currently afford, or keeping out-of-date technology until you can afford new
TECHNOLOGY	Easy to add-on or upgrade technology with potential minimal impact to the monthly payment	Must manage disposal of old technology and have enough cash on hand to acquire new
INFLATION PROTECTION	Provides a hedge against inflation by buying today's technology with tomorrow's dollars	Pay full amount upfront with today's dollars, which are generally more valuable due to inflation
